

# Farmlands Integrated Payments for POS Users

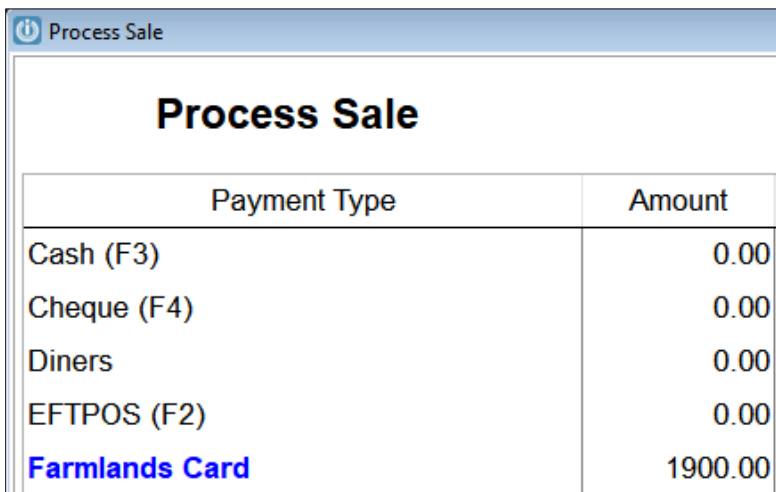

Infusion and Sprockit now offer Farmlands as an integrated payment method. Meaning that processing is quicker at the till and ensuring that payments are processed between your company and Farmlands in a timely and efficient manner.

## Taking Payment via Farmlands Card

**Freight:** Do not use the Freight field at the bottom of the POS screen. This must be added as a line item.

You will now use the Farmlands Payment method to accept payment.

From the POS or Invoice screen, select **Farmlands Card**. You will see it in blue as it is an integrated payment method.

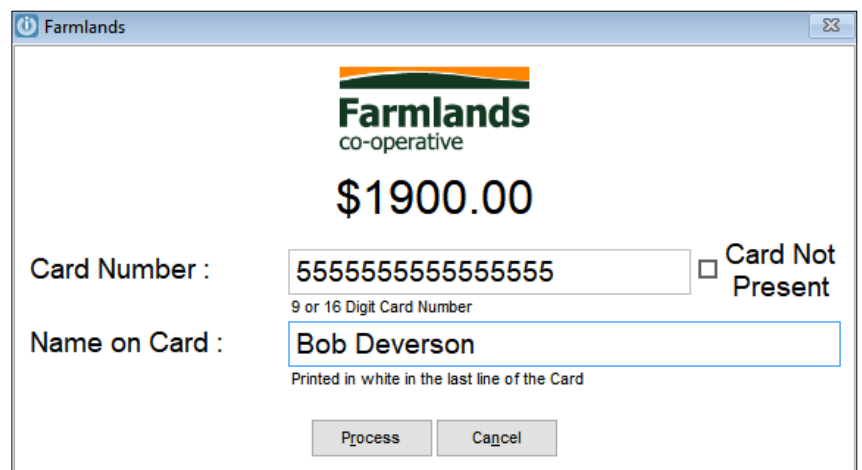

Payment Type	Amount
Cash (F3)	0.00
Cheque (F4)	0.00
Diners	0.00
EFTPOS (F2)	0.00
<b>Farmlands Card</b>	<b>1900.00</b>

You must pay the entire amount to the Farmlands Card. You cannot split the payment between more than one Payment Type.

Either:

1. Use a magnetic card reader to swipe the customer's card; or
2. Use a barcode scanner to scan the number on the back of the customer's card then enter their name; or
3. Enter their details manually

Click **Process**.

Farmlands  
co-operative

**\$1900.00**

Card Number :   Card Not Present  
9 or 16 Digit Card Number
